Model HFC-36 Shown with
Optional Half-pans and Pan Racks

Model HFC-TS-48 Shown with
Optional Half-pans and Pan Racks

Standard Features

- Durable stainless steel and aluminum construction
- Merco's patented EZ-Insert® heat tubes
- Infinitely adjustable control with pilot light for top heat (and bottom heat on "TS" models)
- Bright incandescent illumination (with separate on/off switch on "TS" models)
- Removable glass
- Adjustable 4-inch NSF legs ("TS" models only)
- 6-foot cordset

Merco Hot Food Display Cases are manufactured from heavy-gauge stainless steel and aluminum alloys selected for even heat transfer and easy cleaning. All models feature Merco's patented EZ-Insert heat tubes. Bright incandescent illumination (with separate on/off switch on "TS" models) is provided to display food in its best light. Infinitely adjustable heat control(s) allow you to "dial-in" the exact temperature for any product. Thermal Shelf ("TS") models have a separate infinite control for bottom warming with insulated heat cable base unit.

Merco Hot Food Display Cases keep any cooked food hot and delicious from preparation to serving. Available options include Mirror-Back and Self-Service Fronts complete with Sneeze Guards. 60-inch and 72-inch length units are also available (consult factory).

Electrical Requirements

All models available in 120, 120/208 or 120/240 VAC, single phase only.
